

## MISSION

At EdAdvance's Food Services, we pride ourselves on providing top-of-the-line food service management while keeping expenses to a minimum.

We offer customized food service program and catering solutions to districts and schools, specializing in nutritious, healthy meals, innovative menus, and exceptional budget and record-keeping performance.

Working collaboratively with the Connecticut State Department of Education's Office of Child Nutrition, we seek to improve the health, nutrition, and education of children by providing nutritious food choices in our schools.

***Thanks to EdAdvance, we are now able to run our lunch program knowing that we have the necessary tools and resources at our disposal to make it a success while remaining within our budget.***

*EdAdvance is a wonderful lunch program resource. In the time that we have worked together, they have helped us improve our lunch program in many ways, provided our staff with the support, training, and positive feedback they deserve, and given us all peace of mind. Their staff is always available and with them "in our camp" we turn toward our upcoming Administrative Review with confidence. Thanks to EdAdvance, we are now able to run our lunch program knowing that we have the necessary tools and resources at our disposal to make it a success while remaining within our budget.*

# SERVICES

We are committed to meeting the needs of the students, teachers, parents, staff, and administrators in our schools and their communities. We offer a broad array of services, which can be bundled into service packages or delivered á la carte, including:

- National School Lunch Program (NSLP)
- School Breakfast Program (SBP)
- Child and Adult Care Food Program (CACFP)
- Summer Food Service Program (SFSP)
- Customized meal planning and menu development
- State Administrative Review assistance from guidance to comprehensive preparation and completion
- Farm-to-School Locally Grown Initiatives
- Processing/allocation of Government Commodities funds
- Management/facilitation of State reimbursement claims
- Healthy Foods Initiatives
- Food Service personnel management and training
- Technical assistance and comprehensive training programs
- Professional management and support
- State of the art accounting and reporting systems
- Catering and special events

**High value nutritional programming**

**Improved operational processes**

**Enhanced efficiencies**

**Increased affordability**

Whether managing a National School Lunch Program, introducing a new Farm-to-School initiative, managing state reimbursement claims, or catering special events, EdAdvance's team at Food Services collaborates with schools to advance the quality of food services to the next level.

We welcome the opportunity to speak with you about how we can support and advance your food services program.
