

**EdAdvance
Green Cleaning Program – Danbury and Forest Court**

The State of Connecticut requires that each school district implement a green cleaning program for all school buildings and facilities in the district.

EdAdvance is committed to implementation of this law by providing our staff and, upon request, the parents and guardians of each child enrolled in each school, with a written statement of EdAdvance's green cleaning program, as well as making it available annually on our website. We will also distribute the policy to all new staff hired during the year and to parents or guardians of students transferring in during the school year.

In compliance with the State law, EdAdvance will:

Require the use of environmentally preferable cleaning products as defined by the Department of Administrative Services (DAS) for all school buildings and facilities. DAS currently requires that environmentally preferable cleaning products be independently certified by one of two third party certified organizations and contain the Green Seal or Eco Logo.

As of July 1, 2010 and thereafter: NO PARENT, GUARDIAN, TEACHER OR STAFF MEMBER MAY BRING INTO THE SCHOOL FACILITY ANY CONSUMER PRODUCT WHICH IS INTENDED TO CLEAN, DEODORIZE, SANITIZE OR DISINFECT.

EdAdvance has approved the following products for use as General Purpose, Bathroom and Glass Cleaners, floor strippers and finishes, hand cleaners and soaps:

Product/Type	Name	Manufacturer	Location/Area	Schedule

The implementation of this program requires the support and cooperation of everyone including administrators, faculty, staff, parents, guardians and facilities staff.

Any questions concerning the program can be directed to Richard Carmelich, Chief Operations Officer.
