

December Board Meeting Cancelled

Our practice has always been to hold the date of our December Board of Directors meeting as a tentative “teleconference” session, in case we have business that requires the Board’s action. This year, we do not need the teleconference session, so as we discussed in November, we will cancel the meeting scheduled for December 6th. By design, we also do not hold a meeting in January. Our next scheduled meeting will be February 7, 2019.
